

## ECER Thursday Social Event, 05.09.2019 Millerntor-Stadium

Don't miss this social event in a very special location, the **FC St. Pauli's** Millerntor-Stadium. Those who don't know the FC St. Pauli may ask: ECER and soccer, how do these two go together? The famous Hamburg soccer club plays an important role in the local community. Rooted and located in the heart of the city of Hamburg, the district St. Pauli, the soccer club owes its identity to this area and has a social and political responsibility towards the people who live there. In addition, it promotes values such as tolerance and respect, and engages itself in numerous social projects.

There will be **savory dishes and local drinks** (currently limited to 3 free drinks per person). Try the Hanseatic beer brands Astra and Holsten, different wines or maybe the lively fritz-kola soft drinks. Furthermore, there will be a various **music program** while you can mingle and enjoy the special atmosphere in the Millerntor-Stadium.

To support participants from Low GDP Countries in attending the social event we offer a **solidarity surcharge**. When booking the social event in the Millerntor-Stadium you can optionally contribute a specific amount for a raffle of free tickets. These will be given to ECER participants who otherwise may not afford participating in this social event.

## And afterwards? Blue Port

If you like to explore Hamburg's **Hanseatic spirit** even further, you may visit the Blue Port later on. From the Millerntor-Stadium it is only a 5 minutes' metro-ride or 20 minutes' walk to get to the **Landungsbrücken**. There you can enjoy a magic view of Hamburg's harbor, illuminated in blue light.

In frame of the Hamburg Cruise Days the art project Blue Port takes place every two years. So take your chance to experience Hamburg's 'Gate to the World' from this very special perspective.
