

NW1 Convenors meeting 13 September 2022

Present:

Link Convenors: Hannu Heikkinen, Ken Jones

Convenors: Mihaela Mitescu-Manea, Stefan Zehetmeier, Giorgio Ostinelli, , Sally Windsor

Apologies: Amanda Ince

Chair: Ken Jones

Minutes: Sally Windsor

- **Link Convenors meeting in Berlin**

Held in April/May Stefan attended. Large number of attendees and good networking opportunity.

Three key issues: A large discussion about hybrid sessions in the future to open up the conference.

Discussions about Ukraine situation, what should and can be done? Highlighted importance of context and listening.

Possibility of joint sessions at ECER in the future?! To cooperate and jointly discuss with other networks.....How could that be organised?

- **Network meeting in Yerevan**

13 people in person, 9 online attended. Discussed NW history, aims and TIME project.

- **Review process 2023**

Did we get new reviewers at the meeting? EERA office should check who on the previous list is able and willing to review? MM has done this confirmation in the past. Qu- Can we use people on the past lists? Yes we should ask people as fewer people came to meeting and added their names than in previous years.

Action: blend old and new names for reviewing.

GO- suggested some basic criteria for new reviewers

Key criteria: There is a focus on professional learning!

Formative feedback in the sense that that will provide guidance for the presentation at the conference.

There is also info on the EERA website about what it means to be a reviewer.

- **Programming 2023**

Ken, Stefan and Amanda are happy enough to continue with the job.

- **Blog**

A reminder that we need something from the network! Look on the EERA website.

- **Annual report**

Will need to be done in November but we haven't had a reminder yet. We can start from these notes! Action: Stefan and Sally will do this together.

- **Looking to Glasgow/ TIME network**

Do we want to do anything special for ECER? Is there something between now and then.

TIME: HH showed slide about Anthology: European perspectives on Induction and Mentoring. Call - Sept 2022, Abstracts - due Dec 15 2022. Chapters need to represent more than one national perspective. TIME network meeting Tuesday 22/8/2023 (possible full day).

In Glasgow Network 1 meeting tentatively booked for Thursday 24/08/2023
GO – proposed symposia of book chapters. **Action: GO & KJ will sort this out.**

Suggestion: NW convenors dinner meeting in Glasgow on Monday 21/08/2023

- **Election of Hannu's successor as link convenor**

SW – nominated Mihaela Mitescu Manea, seconded by KJ

We all thanked Hannu for his service! He is just stepping aside and will remain as part of the team!

Mihaela accepted the role of link convenor – handover complete.
