

Chair: Christof Nägele, Barbara Stalder (link convenors). More than 70 researchers attended the meeting.

Agenda

1. Welcome and introduction

VETNET participants were welcomed and informed about VETNET's aims and regulations.

2. ECER Glasgow

The link convenors thanked the programme committee responsible for setting up the programme, editing the proceeding and organising the social event. They informed about the number of submissions, accepted/rejected proposals for VETNET, and contributions to this year's VETNET proceedings. The quality of submissions and papers in the proceedings was discussed.

3. Elections

At ECER 2023, the board had to be re-elected.

The link convenors acknowledged and thanked the work of the outgoing board members Karen Evans, Ludger Deitmer, M'Hamed Dif, and Lorenz Lassnigg.

Current board members Harm Biemans, Michael Gessler, Natasha Kersh, Marg Malloch, Fernando Marhuenda Fluixá, Lázaro Moreno Herrera, Christof Nägele, Petri Nokelainen, and Barbara E. Stalder were re-elected for another four years.

Christof Nägele and Barbara E. Stalder were re-elected as VETNET link convenors for another four years.

The link convenors informed about co-opted board members, their roles and tasks.

4. VETNET members and reviewers

The VETNET participants discussed and approved the criteria for becoming a permanent VETNET member.

The convenor thanked all colleagues reviewing for VETNET and invited participants to become reviewers.

5. VETNET activities

The members discussed current and future VETNET activities, including EERN-VETNET, VETNET's newly established emerging researchers network. Junmin Li and Susanne Peters chair EERN-VETNET and are also co-opted members of the VETNET board.

Researchers were invited to contribute to one of the upcoming conferences, Stockholm International 2024, NordYrk 2024, ECER 2024, and Crossing Boundaries 2025, and to submit manuscripts to be published in IJRNET, NJVET, VETNET ECER and Crossing Boundaries Proceedings and the Stockholm International Book Series.

Detailed information can be found on vetnetsite.org

6. Closing

The network meeting closed with an outlook on ECER Nicosia 2025
