

NETWORK 20 MINUTES MEETING (HAMBURG, 2019)

N20 meeting was attended by around 20 people. There were important aspects during meeting that I include in this minutes report.

- Introduction: N20 was presented in general terms because there were new people and PhD students who ask for it.
- Briefly presentation of the participants (Israel, Germany, Austria, Australia, Italy, Lithuania, France, Spain)
- We sum up of the activities developed during 2018/2019 (see the website for the full report).

CO-CONVENORS DUTIES

We agree in the N20 meeting the internal procedure in which co-convenors are selected by the Link Convenor on the following basis:

- should be submitting/presenting in N20
- should be willing and able to review and/or chair in N20;
- should have a history of engagement and belong to the N20: being active and having real implication.

ANNIVERSARY 2020

We decided to have in 2020 an AWARD 250 EUROS: celebrating 20 years (best presentation PhD student session).

Different categories

PROJECT FUNDING

We encourage that N20 should focus on including PhD students in a more active way and if we ask for funding we will encourage PhD students from low GDP countries to participate.

DISCUSSION

- 1) Monash – organizing symposia ECER 2020
 - 2) Austria – co-convenors should take care of interactions with other Networks for organizing a joint session
 - 3) Lithuania – share information throughout the emailing list for organizing symposia
- 4) 20 years anniversary

Discussion

Italy: open the audience to scholar at their early stage of the academic career

Austria: she remember what NW27 have done a couple of years ago on how write a phd thesis/research paper → sharing experiences

Iceland: support the idea of developing a workshop on academic writing + mentioning an experience from the conference (1 day workshop focused on methodology)

Austria: link the workshop within the emerging scholar pre-conference to the main conference

Israel: support the idea of developing a day focused on one theme

Iceland: use creativity for going beyond the strict scheduled set up by the conference organization

- Project – How to use funds for internal development a draft on ‘Voices, Spaces, Visuals’ for a meeting should be held in Valencia on March, 25-26
- Special issue: depending on the meeting in March
